ORAL ORDER:.

Heard both sides and at their request, this Writ Petition is taken up for disposal at the stage of admission.

The main question raised in this writ petition is with regard to the proportion of usage of the power i.e., between production and lighting and ancillary activities of the petitioner-Unit. The same is being disputed by the petitioner on several grounds. But, there is a right of appeal under the Indian Electricity Act, 2003. Section 127 of the Act, postulates that an appeal can be filed subject to the conditions mentioned therein.

Accordingly, without expressing any opinion on merits of the case, liberty is given to the petitioner to file an appeal after complying with the conditions mentioned under Section 127 of the Indian Electricity Act.

At this juncture, it is represented by the learned counsel appearing for the petitioner that an appeal had already been filed, but the same is not entertained because of non-compliance of the conditions mentioned in Section 127 of the Act.

Therefore, liberty is given to the petitioner to comply with the said conditions within a period of eight weeks from today in order to enable the appellate authority to entertain the appeal, and whereby all the questions raised in the Writ Petition can be agitated and to be answered by the appellate authority. However, it is made clear that in the meanwhile, there shall not be any disconnection.

With the above observation, this Writ Petition is disposed of. No costs.
